

INTRODUCTION FOR TEACHERS

Education at The Model Village, Godshill

About The Model Village, Godshill

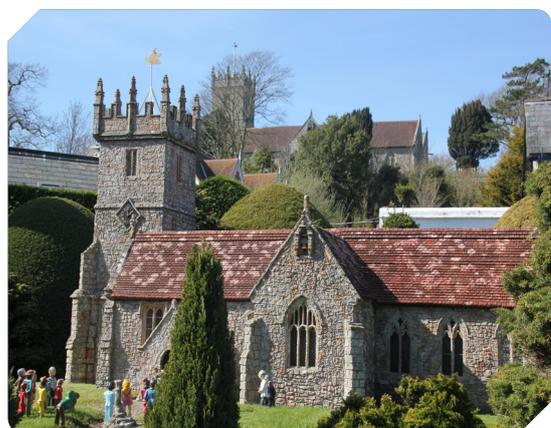

A miniature marvel - a one-tenth scale model of historic Godshill and Shanklin Old Village, set in the 1920s and 1930s. Hundreds of hand crafted model houses, shops, churches and pubs built using traditional materials and methods. Thousands of coarse bonsai managed trees and shrubs keeping planting in proportion to the buildings' size.

“You have to see it to believe it!”

The Model Village offers a charming break from the hustle and bustle of modern life.

The pre-prepared educational resource set (30+ activities) plays to the strengths of the venue itself and its fascinating history - including the history of some of the real-life buildings depicted within the model village.

Marvel at the likeness of the famous All Saints Church model, as well as the “model village within a model village” paradox!
